## Key Stage 2 SATs results 2018

The assessment arrangements show if the children are working at Age Related Expectations (ARE). There is also a high score judgement for those pupils who performed particularly strongly in the assessments.

In addition to this there is a scaled score for each subject which can be between 80-120, with 100 being the expected level.

The number of children assessed at the end of Key Stage 2 was 30.
